Subject: Renewal of Supply Agreement – Notice of Non-Renewal

Dear Rosalind,

Further to our conversation last week, I am writing to formally confirm that Northbridge Coatings Ltd will not be renewing the Supply Agreement dated 1 October 2021 beyond its expiry on 30 September 2024.

As you know, we have taken the strategic decision to bring coating-chemical procurement in-house from Q4 2024. This is not a reflection on the service Hale Specialty has provided, which has been consistently good, but reflects a change in our group's supply-chain strategy.

We would welcome the opportunity to discuss an orderly handover of the remaining volume commitments over the coming months. Please let me know a convenient time to speak.

Kind regards,
Duncan
