Subject: RE: Renewal of Supply Agreement – Notice of Non-Renewal

Marcus,

See below – Northbridge have confirmed they're not renewing in September. Not entirely a surprise given the noises they were making at the last review meeting, but obviously not what we wanted with the deal about to sign.

Given timing, let's keep this close to chest for now – no need to worry the buyers with this before we get to completion, we can manage Northbridge separately afterwards and there's a decent chance we find a way to keep some of the volume. Please don't mention it outside this email thread for the time being.

Julian – flagging to you too, will let you decide if/how you want to handle with Elliott.

Ros
